DELTA SHORES RESORT AND MARINA

ISLETON, CALIFORNIA

Don't miss the nearby Jelly Belly factory and its not-to-be-missed sampling bar. You'll know you're there by the delightful aroma

The name of this Coast Classic resort is indeed descriptive: Delta Shores Resort and Marina. Nestled on the banks of the Mokelumne River in the heart of the Sacramento Delta region, this water-centric resort offers boating, water-skiing, windsurfing, fishing and all-around outdoor fun.

Meander the delta's endless waterways via the adjacent marina boat launch and guest docks. Word is, the Mokelumne River is chock-full of bass, so pack your favorite fishing pole and a camera to prove you caught the Big One. The clubhouse, pool and spa and spacious full-hookup sites with easy access make Delta Shores a perfect home base while visiting the delta.

The friendly staff here pledges to provide guests with the finest setting in Northern California coupled with first-class amenities, activities and a family vacation experience that you'll never forget. Attaining this level of hospitality doesn't happen by chance. The staff loves what they do, and it shows. You'll enjoy organized barbecues, dances, arts and crafts, seminars, theme events, live music, mystery weekends and more.

Besides offering proximity to the Sacramento Delta, Delta Shores Resort is convenient to wine country, the Sierra Nevada foothills and the Northern California coast. Combine that with near-perfect weather year-round for a visit that can't be beat.
