WOODALL FACILITIES: ◆◆◆◆◆

WOODALL RECREATION: ◆◆◆◆◆◆◆◆◆◆

It's difficult to imagine a vacation destination with more fun things to do than Michigan's Lake Shore Resort, one of five private Outdoor Adventures properties that roll out the red carpet for Coast to Coast members. A year-round Coast Deluxe retreat, Lake Shore scored Woodall's top rating in Recreation—five Diamond-W's—and it's easy to see why.

This is a big, busy resort with all sorts of outdoor activities, from pedal boating,

canoeing and kayaking to playgrounds and an impressive putt-putt golf course. Guests can gear up for a friendly game of tennis, basketball or volleyball or cast a fishing line in the spring-fed lake.

Need more of a workout? Head to the fitness room or take advantage of the scenic setting to hike or bike along the nature trails.

Last year's big news was the opening of the resort's water fun zone, an outdoor aquatic center with all manner

of wet-and-wild amusements, including a lazy river for leisurely tubing. For more watery fun, North Shore offers indoor and outdoor pools and hot tubs and, of course, the eponymous sandy beach. Lounge chairs and large umbrellas line the beach, enticing you to relax in the shade as the kids paddle and play in the lake.

In the domed clubhouse, guests get together for planned activities from crafts to bingo to special theme events. The café grills up tempting meals, and the store stocks everything you neglected to pack. The resort also has laundry facilities, and propane is available on the premises.

Located east of Flint, Lake Shore Resort is close to a cider mill, riding stables and nature preserves. For a family-friendly day trip, drive the 34 miles to Frankenmuth, Michigan's Little Bavaria, with year-round Christmas festivities and good times with a German twist. The helpful folks at North Shore's front desk will send you off in the right direction.
