

BLUE MESA RV RANCH

Your base camp for activities in the Colorado Mountains

If your idea of a great vacation includes being adjacent to a 20-mile-long lake with 96 miles of shoreline, then make your reservation at Blue Mesa RV Ranch in Gunnison, Colorado. Even with many, many on-site amenities, the lake is top of the list for guests at the ranch, says Marketing Manager Pam Frenette. “You’ve got your choice of pontoon boats, kayaks, fishing boats, and paddle boats, plus a great restaurant. Blue Mesa is an amazing mountain hideaway near Gunnison, Colorado.” Other activities include sailing, fishing, wind surfing, and waterskiing.

But there’s no reason to spend all your time on the lake, because Blue Mesa RV Ranch offers something for everyone. Relax at your beautiful campsite or at one of the three clubhouses and two pools—one is a heated indoor pool with hot tub and sauna. There’s a recreation area with miniature golf, horseshoes, playground, and a teen center. Saddle up on one of the resort’s horses or, if you prefer something else, rent an ATV onsite.

Blue Mesa Ranch is located right in the Curecanti National Recreation Area. In the area there are trails ranging from easy to very strenuous. Close to the park, attractions include the Black Canyon of the Gunnison National Park and the Gunnison Gorge National Conservation Area.

There are overlooks to see the Blue Mesa Reservoir at the Dillon Pinnacles trail and Hermit’s Rest trail. Visit the 5,000-acre archeological district and explore the old narrow-gauge mining railroad of Gunnison. And don’t worry about the weather. With an average of 9 inches of rain a year, your visit will not be rained out and the high-desert altitude means comfortable temperatures all season long.
