

# BEE'S RV RESORT

## Onsite you'll discover what visitors are buzzing about

One of the reasons that visitors are buzzing is the full range of amenities at Bee's RV Resort in Clermont, Florida. The Beehive, the resort's activity center, is the place to start. There you can play cards, dominoes, board games, or watch television. There's a book trading area, where you can leave behind the old books that you've read, and take the ones you'd like to read with you (only one for one, please). Try Card Bingo, which is a different, fun way to play bingo. Play traditional bingo on Tuesdays and Fridays each week during season, right after you eat in the HoneyPot Eatery.

The resort's activity calendar includes street golf, petanque, dances, crafts, concerts, and more! Bored? There are plenty of volunteer opportunities; just ask where you can help.

If you've already visited Bee's, on your next visit you'll notice the newly renovated pool area, which includes a wooden fence replacing the chain-link fence that's been around for decades. The pool deck has been expanded by about 270 square feet and is now covered with concrete pavers. There's new patio furniture, freshly stained wooden picnic tables,

new umbrellas, and a large pergola has been added for extra shade.

RVers enjoy 30- and 50-amp service, coin laundry, solar-heated pool, hot showers, high-speed Wi-Fi, pull-through sites, RV storage, LP gas, and post office boxes with mail forwarding service.

At the HoneyPot Eatery, take in the all-you-can-eat fish on Fridays and all-you-can-eat chicken for a Sunday dinner that just happens to be served on Tuesday night. Side dishes include mashed potatoes with gravy, baked potatoes, coleslaw, and chunky applesauce. Top it off with soft-serve ice-cream.

Off-site, visit Clermont and its historic downtown including the Citrus Tower and citrus groves. The Clermont Historic Village is home to original, historic structures including a train depot and a World War II Quonset hut. Within a half-hour's drive, have fun at one of the happiest places on earth—the Magic Kingdom / Walt Disney World.
