

HIDDEN BLUFFS RESORT

A resort that offers the perfect family getaway

If you crave nature-induced quiet, being lost in a beautiful old-growth hardwood forest, and brushing shoulders with people who live life the old-fashioned way, then head your RV to Hidden Bluffs Resort in Spring Grove, Minnesota. It's the perfect family getaway for fun and a relaxing time away from it all. Catch a crowd of trout in the trout stream and fish right from the resort. Hike the four-plus miles of picturesque and groomed hiking trails.

The resort is located southeast of the Twin Cities with easy access to adventure on the Root River and at the Niagara and Mystery Caves. Also nearby are Amish communities, kayaking, tubing, hunting, and four-wheeling. It's just minutes from local communities like Forestville, Lansboro, Harmony, and Spring Grove.

The whole family will enjoy the amenities at the resort. Meet new friends on the mini golf course, relax in the heated swimming pool and hot tub, or sit back at your RV site that continues the natural theme with large, shaded grassy areas complete with picnic tables and fire rings.

The weekends are action packed with great family activities including crafts and movie nights. For the really energetic, join a basketball, volleyball, or horseshoe tournament.

Spring Grove, established in 1852 as the first Norwegian settlement in Minnesota, is located not far from the Mississippi River where the new settlers found a spring of cool fresh water nestled in a grove of beautiful hardwood trees.

The town is home to the area's best in outdoor recreation: fly-fishing, hunting, snowmobiling, and endless possibilities for the active family. With four city parks, there's plenty of green space and new playgrounds. Visual and performing arts are loved and nurtured through theater, music and art programs. Ye Olde Opera House produces several shows every year in their Main Street location. Bluff Country Artists Gallery showcases fine art of the Bluff Country region.
