

# BRIDGEVIEW RV RESORT

## Year-round fun north of the border

Don't be fooled by the northern address of Bridgeview RV Resort—Lethbridge, Alberta. A stay there doesn't mean you're exposed to the frozen north. In fact, the nearby Canadian Rockies contribute to the city's cool summers and mild winters, making it the perfect place to spend some long summer days and shorter winter ones.

Once onsite at the resort, you can choose from three unique areas in which to park your rig. There is Arizona, which is paved and has some trees. Cottonwood is treed with lots of shade; and Wilderness is wooded with fire rings and has power available.

There's plenty to do at Bridgeview. Visit the general store that carries convenience and RV supplies along with an Internet Café. Grab a beverage and snack from the store and sit and relax while you access the Internet. In addition, the clubhouse has a great room with a large screen TV and games. Amenities include a pool table, shuffleboard, and swimming pool. The activities staff makes sure you have many things to join including pancake breakfasts. Your four-legged friend will enjoy the special dog area.

The resort is situated in a picturesque river valley on the westerly outskirts of Lethbridge. The resort got its name from the fact the Lethbridge Viaduct, commonly known as the High Level Bridge, is located within sight of the resort. It's the longest and highest steel trestle bridge in North America. Running under the bridge is the Oldman River—a perfect place for boating and fishing for many varieties of trout, mountain whitefish, pike, walleye, and sturgeon.

Offsite popular venues include the Whoop Up Downs Race Track, Indian Battle Park, Fort Whoop Up, Head Smashed-In-Buffalo Jump, Nikka Yuko Japanese Garden, and the Helen Schuler Nature Centre. And if you prefer higher adventure, there's always the nearby Canadian Rockies.
