

MARINA VILLAGE RESORT

Enjoy a full-service marina and 18-hole golf course and grill at this Texas resort

Once through the gates of this beautiful resort, you'll find yourself in a paradise for water lovers and golfers. Marina Village Resort in Trinity, Texas, is in the gated community of Westwood Shores. Not only does Westwood Shores offer an 18-hole golf course and clubhouse, but if you prefer something a little less strenuous, you can practice your putting at the mini golf course right at the entrance to the resort and campground.

It's all right if you choose to sit and relax at your spacious site, but if you're ready to get involved, the helpful staff can get you right in the mix. Special event weekends include Memorial Day, July 4th Celebration, and Labor Day weekend just to name a few.

If you like to fish, there's lots of opportunity. Fish along the shoreline of the lake on one of the benches or from one of the several fishing piers, or fish from your boat which you can launch at one of the two convenient boat ramps.

For other types of water fun, dip into one of the two large swimming pools to cool down, or relax in the hot tub. Kiddie pools are located at both with a fun spray feature at the community center pool. The pools are open all year.

The Pavillion / Community Center is the gathering place for many family fun activities. During the spring and summer months, dances with bands, bingo, children activities, movies at poolside or covered dish meals (including Thanksgiving) are all favorites.

Marina Village is a photographer's delight where water fowl, birds, and all kinds of wildlife are plentiful. Put out bird seed, sunflowers, or corn and they will come right to your campsite where you can relax and snap those award-winning photos from your comfy chair.
