

MILLWOOD LANDING GOLF & RV RESORT

Perfect vacation destination or drop in for a night

Millwood Landing, 2.5 hours from Little Rock in Ashdown, Arkansas, has everything a well-appointed resort should have—plus an 18-hole golf course, pro shop, and clubhouse—so don't forget to bring your clubs. But maybe you're not a golfer. Enjoy two easy-to-access fishing ponds onsite that are stocked with a wide array of fish. Like water, but prefer something a bit smaller? Plunge into the large clear water swimming pool, with convenient clubhouse. Children will enjoy the playground and you can pick up a round of horseshoes or a set of tennis.

Welcome to one of southwest Arkansas' most beautiful 18-hole golf courses, which includes 18 rolling and tree-lined fairways. There are generous and lush Bermuda grass greens. The USGA course rating is 72.1 with a slope rating of 120. Enjoy the practice putting greens and driving range.

If you choose to travel without your rig or have non-RVing friends meeting you, choose from one of 14 recently remodeled lakeside cabins equipped with kitchenettes. Our friendly staff is on hand to make each guest experience as

fun and relaxing as possible, and our park and facilities are always sparkling clean and comfortable.

Anything but run of the mill, visitors to Millwood Landing are treated to everything that southern Arkansas has to offer. All in a dramatic setting near the shores of Lake Millwood, one of Arkansas' largest lakes. This lake is known as one of the best bass fishing lakes in the United States. The lake's 12 boat ramps make it easy to get your own boat into the 26,000-acre lake.

Fishing isn't the only activity that's available at the lake. With an abundance of food and a variety of habitats, multitudes of birds are attracted year-round to Millwood Lake. Birders from across the nation come to Millwood to get a glimpse of a wide variety of birds that include over 333 species reported within a 7.5-mile area.
