

## ARROWHEAD LAKES RESORT

## West Central Ohio's outdoorsy year-round resort

Venture Out Resorts' Arrowhead Lakes Resort is located in beautiful Wapakoneta and offers modern amenities in a traditional outdoorsy camping setting. Nature, lakes, and lots of trees will give you the relaxation you are looking for, while the modern amenities will allow you the opportunity to stay active and still have the comforts of home.

This year-round resort offers a clubhouse, playgrounds, all new mini golf course, themed activities, and much more. Local attractions such as arts, culture, nature, sports, and more entice you to get to know this little bit of paradise in West Central Ohio even better.

While staying at the resort you may choose to lounge at your spacious RV site or decide to play at one of the lakes and ponds where you can fish, paddle boat, row boat or kayak. Keep playing in the water at the large indoor swimming pool and spa. Relax in the sauna.

There's plenty of dry-land activities, too. In addition to plenty of organized themed activities, you can get your exercise playing horseshoes, basketball, and volleyball. Let the kids

or grandkids play on the playgrounds.

Nearby you'll want to visit the Armstrong Air and Space Museum. The museum shares the story of native son Neil Armstrong and all Ohioans who have attempted to defy gravity, the Space Race, and current space exploration.

The museum itself is designed to resemble a futuristic moon base. It is most beautiful when viewed at dusk.

In 2019, Wapakoneta celebrated their hometown hero Neil Armstrong's contribution to space and history by marking the minute he set foot on the moon 50 years ago.

At exactly 10:56 p.m., the confetti flew to honor Armstrong and arguably one of the United States greatest accomplishment of putting a man on the moon. Four Ohio Astronauts and one of the frogmen that pulled the Apollo 11 crew out of the ocean after they splashed down were on hand to help with the 50th-anniversary celebration.
