

ABITA SPRINGS RV RESORT

RV camping Louisiana style

The pine forests, the pure air, the mineral waters at Abita Springs, and the many services at Abita Springs RV Resort, assure visitors of an enjoyable vacation. This Louisiana resort is located in St. Tammany Parrish, where the hubbub of interstate highways and city life is replaced by scenic country roads and a relaxed atmosphere.

Surrounding trees and lakes and exceptional Cajun and other cuisine provide southern hospitality as well as world-class fishing and boating. Take in the history and grace of area plantations; have fun participating in water sports, and heel-kicking Cajun dancing. Explore the lake that is home to ducks, herons, egrets, turtles, and fish.

Resort amenities include a friendly staff, fishing, wireless Internet, walking path, planned activities, artesian springs, a large clubhouse, pool, and a children's pool.

In the charming town of Abita Springs make time to visit the Art and Farmers Market where you'll find fresh locally grown produce, wild caught seafood, local honeys, jellies, and baked goods.

Tammany Trace is a 31-mile bike path that stretches from Covington to Slidell. The trailhead sits right on the trace and is the perfect spot to go biking, running, roller blading, or to just take a leisurely walk.

The resort's large pool deck is filled with new loungers.

Check out the children's pool, too. In addition to the pools, enjoy the large clubhouse where you can meet new friends, or find a pick-up game on one of the sports courts. Keep busy with the abundant activities schedule.

Then there's the weather, fresh spring water, Cajun cuisine, and Southern hospitality that has been a draw for people from nearby New Orleans for more than a century. Those same attributes will keep you coming back over and over again.
