## Make memories on this 244-acre resort

Bass Lake Resort is a world-class destination located in the heart of Central New York. Since opened in 1987, families and friends have been creating priceless memories at the large resort featuring a 30-acre private lake ideal for fishing, boating, or just relaxing. It's no wonder so many guests have been checking in since the beginning, and why every year more and more discover one of New York's finest outdoor resorts.

Conveniently located just 25 miles north of Syracuse and 40 minutes south of Watertown, Bass Lake Resort is easily accessible by NY Interstates 90 and 81, making short getaways possible even during a busy week. You'll feel safe once inside the gated entrance.

At Bass Lake Resort, there's something for everyone. If you enjoy swimming, take advantage of exercising at the two outdoor swimming pools or meeting old and new friends at one of the clubhouses, including an adult-only location. Take off your apron and put down your cooking utensils and eat at the restaurant and bar, which features delicious, large-

portion homemade meals and the famous Sunday morning breakfast buffet.

If you've forgotten salt or flour, shop at the resort's country store. For a bit of exercise, check out the resort's nature trails, for both short walks and long hikes, and so much more. From the home base, you can hike in beautiful state parks, or visit events, festivals, or historic buildings and museums.

There's plenty of opportunity to learn or perfect your game at the many sports areas including a playground, miniature golf, horseshoes, outdoor courts, and basketball. Take your gaming inside and play pool, pick up a card game in the recreation room or learn new games in the arcade.

And your four-legged friend hasn't been forgotten. Give them a good run at the resort's dog park.
