

TLC WOLF RIVER RESORT

A beautiful resort on a private bayou just off the Wolf River

Once you pull your rig into the beautiful TLC Wolf River Resort in Pass Christian, Mississippi, you'll understand why the staff refers to the resort as "where the water meets the land". Because the lovely Wolf River is adjacent to the resort, you can plan much of your activities around water adventures. Bring your boat and access the boat launch. Swim or propel your own canoe or kayak, or bring your fishing gear and try to catch the big one. Other activities include swimming and wading pools, mini-golf, relaxing in the comfortable clubhouse, and a brand new kids playground with a pavilion where mom and dad can relax while the kids play.

just as the name suggests, plan on being treated with TLC—tender loving care—while staying here. TLC Wolf River Resort is just minutes from the Gulf of Mexico and 26 miles of sugar white sand beaches. Stroll along the beach while a cool gulf breeze caresses you, have a picnic, or catch some excitement aboard one of the many charter fishing boats. Afterward, light up the night in one of the 13 casinos located along the Mississippi Gulf Coast.

This southern campground has more than a hundred full hook-up sites, Wi-Fi, and laundry. If you travel without your rig, rent one of the travel trailer and fifth-wheel rental units.

Located about 11 miles off the Mississippi Coast are some of the last undeveloped barrier islands in America. These exquisite sand islands offer visitors the first high quality beaches for swimming and shelling east of New Orleans.

The Ship Island Ferry makes the round trip to Ship Island on a 22-mile jaunt over beautiful waters where bottle-nosed dolphins can often be seen surfacing near the boats along the way. One of the top attractions is Fort Massachusetts built around 1866. Guided tours are available.
