

Beachwood Resort

Beachwood Resort is situated just south of the Canadian border on the Pacific Ocean, two hours north of Seattle. This location ensures plenty of beach activity and awe-inspiring vistas year-round.

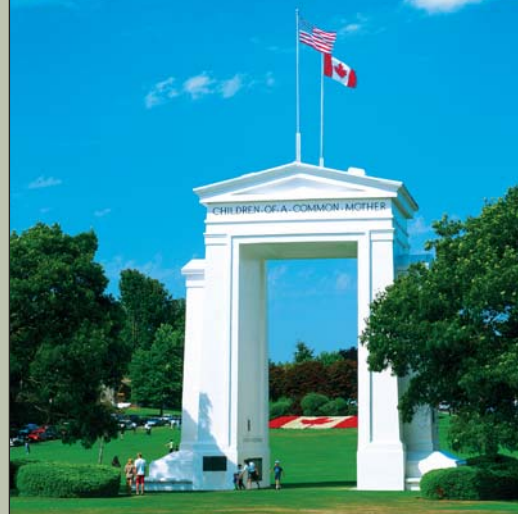

Peace Arch Park is nearby, straddling the U.S.–Canada border between Blaine, Washington, and Surrey, British Columbia. The park's Peace Arch monument symbolizes lasting peace between the United States and Canada. Because Beach-

wood is just an hour south of breathtaking Vancouver, British Columbia, it's an ideal home base for visiting this popular region.

Besides being geographically endowed, Beachwood Resort is a destination in itself. Adults and youth have separate clubhouses, and there are three heated pools and

three spas (Jacuzzis and saunas). Yes, three of *each*! The list of amenities goes on with an exercise room, a golf driving cage, tennis courts, football, baseball, volleyball, soccer, basketball, horseshoes, an on-site store and lots of planned activities. It's 80 acres of all-season recreational fun.

Whether it's the locale on beautiful Birch Bay, the possibility of exciting day trips or the prospect of playing in the ocean, a visit to Beachwood Resort will surely please everyone. Beachwood offers 272 full-hookup RV sites—104 of them are pull-throughs—and a maximum vehicle length of 40 feet.
