

**LAKE SHORE RESORT—
OUTDOOR ADVENTURES**
DAVISON, MICHIGAN

This resort suits all ages,
young and young at heart

Aaron Wajer, Lake Shore Resort manager, still talks about his most memorable moment at Lake Shore Resort—the day it rained so hard that a guest’s RV awning broke. “We scrambled and got it taken care of before there was any damage,” says Aaron. “But we looked like soggy dogs.” You’d be right if you’re thinking this place really knows how to care for its guests. In fact, visitors often comment that the customer service at Lake Shore Resort went far beyond their expectations.

Superlatives don’t stop there. Situated next to a spring-fed private lake, this Coast Deluxe resort sparkles with natural beauty. Guests enjoy cozy beaches and a lake-front pavilion, and hiking trails beckon nearby.

You can get out on the water in row boats, canoes, kayaks, pedal boats and aqua cycles or try mini-golf, tennis or basketball on land, just a few of the resort’s diversions. Amenities will satisfy the entire family: a kids’ playground, a clubhouse and pavilion for families and a lounge for grown-ups to get away from it all. Indoor and outdoor heated pools, hot tubs and a sauna—even a fitness room—make it easy to get into relaxation mode.

Located just east of Flint and accessible from I-69, Lake Shore Resort offers access to Great Lakes scenery and attractions related to the area’s colorful past. Within easy driving distance, you can witness living history at Crossroads Village, take a ride on the narrow-gauge Huckleberry Railroad steam locomotive or cruise Mott Lake aboard the *Genesee Belle* paddle-wheeler.

Also nearby, you’ll find an old-fashioned cider mill, a riding stable and an abundance of shopping and dining venues. Michigan’s “Little Bavaria,” Frankenmuth, is only 34 miles from the resort for a delightful day trip.

Experience remarkable customer service and just about everything else you’d want in an RV adventure at Michigan’s Lake Shore Resort. Staff members are eager to welcome you to their family.
